

# USHARAMA COLLEGE OF ENGINEERING AND TECHNOLOGY

## TELAPROLU, VIJAYAWADA

### DEPARTMENT OF MECHANICAL ENGINEERING

### 3<sup>rd</sup> YEAR INDUSTRIAL VISIT REPORT

Name of the industry: CENTRAL INSTITUTE OF TOOL DESIGN, VIJAYAWADA.

Date of visit: 14-02-2023

Number of students visited: 68

Year: III-B.Tech

Faculty assisted: Mr.G.Jayaraju, Mr.N.Ranjith kumar and Mr.J.Ashok kumar

About the Industry: Central Institute of Tool Design or CITD is an institute in India providing programs in Tool Engineering and Technology. The CITD main campus is in Hyderabad, Telangana, with a branch campus in Vijayawada and an extension centre in Chennai. The institute was established in 1968 by the government of India with the assistance of United Nations Development Programme (UNDP) and the International Labour Organization (ILO) as an executing agency. CITD is to meet the requirements of industry in the fields of tool design and manufacture and to train technical personnel in these fields. to provide consultancy and advisory services including assistance in the design and development of tools. to recommend measures to standardise tools, and tooling elements, components of jigs, fixtures, dies etc.to provide skill development in cutting edge technologies like CAD/CAM, AI, Electronics, Pneumatic.
