(AUTONOMOUS)

DEPARTMENT OF MECHANICAL ENGINEERING

INDUSTRIAL VISIT INFORMATION

Name of the industry: ***KUMAR PUMPS AND MOTORS PRIVATE LIMITED, TENALI***

Date of visit: 02-08-2023

Number of students visited: 61

Year: IV- B.Tech (1st sem)

Faculty assisted: Dr. B. Kiran babu, Mr. G.Jayaraju & Mr. Nawab Masid Abdul

About the industry: Kumar Pumps and motors an ISO 9001 : 2015 certified company established in 1971 is the pioneer in the manufacturer of Pumpsets & Electric Motors in A.P. The latest Moulding machines based on frontier German Technology and technical know how are used to guarantee the highest accuracy and strength. Shot blasting method is employed to ensure the high quality of component cleaning and the perfect flawless finish. The pump components are machined on CNC machines for high accuracy and interchangeability. Micron precision and accuracy is achieved in the manufacturing of Shafts and Rotors for longer fault-free performance of pumps using Robo finish grinding machines. Company produces piston pumps, electrical pumps, submersible pumps, high pressure pumps, booster pumps, engine driven pumps and hand pumps etc.
