

Independence Day Celebrations

India will celebrate the 78th Independence Day on August 15, commemorating the day in 1947 when India gained Independence from over 200 years of British rule. It is also a day to remember those brave freedom fighters who helped India gain Independence.

This day is celebrated across the country with enthusiasm and several events like parades, cultural performances and flag hoisting are being organised in schools, colleges, offices and even societies.

Our college NSS Unit has participated in Independence Day event conducted at JNTUK. NSS Volunteers participated and educated on this program.
