

Awareness Programme on Cyber crime

The **NSS Unit of Usharama College**, in association with **ETV**, organized an **Awareness Programme on Cyber Crime** on the college campus. The main objective of the programme was to educate students about the increasing threats of cybercrime and to guide them on safe practices while using the internet and social media.

The event was graced by **Circle Inspector Sri K. Satyanarayana** and **Sub-Inspector Sri Ch. Suresh** as chief guests. They addressed the gathering and explained various forms of cybercrimes such as online fraud, phishing, cyber bullying, data theft, and misuse of social networking platforms. They also shared real-life cases handled by the police department to highlight the seriousness of the issue.

The officers advised students to be cautious while sharing personal information online, to use strong passwords, and to immediately report any suspicious activities to the cybercrime helpline. They emphasized that awareness and vigilance are the best weapons to fight against cybercrime.

NSS volunteers and students actively interacted with the guests during the Q&A session, clarifying their doubts and learning practical safety measures.
