

Ayushman Bharat

The NSS unit of Usharama College organized an **Ayushman Bharat Health Awareness Program in Telaprolu village**. The program aimed to spread awareness about the government's Ayushman Bharat scheme and its benefits to economically weaker sections of the society.

The NSS volunteers conducted health check-ups, distributed informational brochures, and explained the registration process under the scheme. The residents were educated about preventive healthcare, medical insurance benefits, and how to avail themselves of the services offered under Ayushman Bharat.

Villagers actively participated and showed great interest in understanding the scheme. The NSS volunteers provided assistance in filling forms and answering queries, ensuring that all eligible families could benefit from the program.

The program successfully enhanced health awareness and emphasized the importance of healthcare accessibility in rural areas. The NSS unit's effort was appreciated by the villagers and local leaders for its positive impact.
